

I'm am absolutely livid to find out that Sinclair Broadcasting Co. plans to air the anti-Kerry smear-piece "Stolen Honor" 2 weeks before the election. Need I remind you that Sinclair stations use the airwaves free of charge, and are thus required BY LAW to serve the public interest, and not to engage in such one-sided smear tactics.

Please urge Sinclair NOT to broadcast "Stolen Honor", or if it does, to balance this airing by showing Michael Moore's Fahrenheit 911 immediately thereafter!

Failure to prevent Sinclair from airing this program (or at least balancing it with a contrasting viewpoint) so close to a National Presidential election will indeed prove to be a dark day for American Democracy!

Sincerely - Michael Fiday
